Similar to the reg review meetings, we will invite the chemical manager or risk assessors from other divisions if they can help inform our conversation/direction.

Sure, that shouldn't be a problem. I am expecting Debra Rate was cc'd because of a specific review and likewise I should also loop in team members associated with different reviews (similar to Carl and Briana today)?

Gerald – Can you please take over scheduling this meeting for the remaining time you are on detail? Please remember to include all senior staff and branch chiefs. For each agenda topic, include the team and you might add a note next to the agenda items if someone should take the lead (and add attachments as needed). Thank you! - Monisha
